

Digital Hub Alliance

Bringing future-forward solutions
to the insurance industry

What do you get when you combine the latest and greatest insurance solutions with the most innovative and modern claims and underwriting platforms? Better choices, flexibility and trusted workflow performance.

That's **Insurance Integrated**[™].

Through the CoreLogic[®] Digital Hub Alliance[™], we open our industry-leading platforms to the best InsurTech solutions and top notch service providers so that with just a flip of the switch, our clients can take advantage of the best of the best without a huge IT investment.

Through our commitment to open platforms, we have demonstrated our unwavering dedication to help clients protect and restore property owners quickly and as painlessly as possible when disaster strikes.

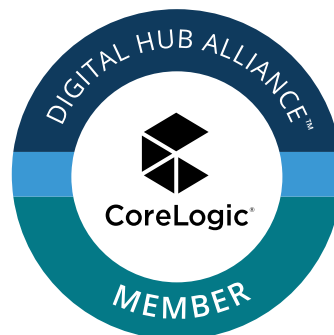

About the CoreLogic Platforms

Claims Connect[™]

All the information needed to process and manage your claims can be accessed through this claims workflow management platform. CoreLogic clients that use this platform can reduce time and costs associated with resolving claims so that affected policyholders can get back to normal faster.

UnderwritingCenter[™]

With the UnderwritingCenter, carriers get an underwriting work bench that is easy to use, enables enterprise agility and even improves the agent and homeowner experience. With limited IT investment, the end-to-end solution automates underwriting and rules-based decisions to deliver a consistent, straight-through and efficient process in about 90 days.
