CREDIT SERVICES

CoreLogic Teletrack Portfolio Management

Increase Customer Retention. Grow your Revenue.

In a rapidly evolving alternative credit data marketplace, it is increasingly important for lenders and credit issuers to make smarter decisions, manage their risk, and grow their business throughout the credit lifecycle.

CoreLogic Teletrack solutions can help increase your customer retention efforts by efficiently managing your portfolio, and driving new revenue by identifying promising up-sell or cross-sell opportunities to existing customers.

Account Monitoring

Manage customer risk and increase customer retention by appending available credit data attributes to your existing customers. Our Account Monitoring solution will inform you when your customers' credit profiles are either improving or deteriorating, enabling you take advantage of new revenue opportunities or precautionary actions to help reduce your risk.

Portfolio Review

Understanding the credit health of your portfolio is essential to your bottom line. Gain valuable insights into your portfolio performance such as loss forecasting, understanding the impacts of acquisition programs, and assessing overall portfolio value.

CoreLogic Teletrack can help you:

- Identify up-sell or cross-sell opportunities to existing customers
- Increase customer retention
- Gain insights into your portfolio performance
