Credit Reports

Single-Source Access To All Three Bureaus

For over fifty years, CoreLogic® Credco® has been the leading provider of specialized credit reporting solutions. We deliver fast, convenient single-source access to all three national credit bureaus – Experian®, TransUnion® and Equifax® – to streamline your F&I and sales processes.

Seamless Integration

Credco is integrated with more than 50 dealer sales and finance platforms, including DealerTrack™ and RouteOne®. Seamless integration means you can conveniently order one, two or all three bureaus from a single source, and receive credit information in a simple, easy-to-read format.

Data Security & Compliance

As an industry leader, we're committed to data security and compliance. We abide by the FCRA, FACT Act, OFAC, the Safeguards Rule and other state, local and federal regulations. And because we have on-site and off-site backup and disaster recovery capabilities, we have a proven systems uptime that ensures an uninterrupted transfer of the credit information you need.

Dedicated Customer Service & Training

For the past half century, Credco has built its reputation on consistently delivering unsurpassed customer care and technical support. As a Credco client, you will be assigned to a dedicated team of FCRA-certified credit specialists for assistance. Credco provides convenient access to technical support 7 days a week and FREE systems training to help you leverage their credit information solutions to maximize your competitive advantage.
