# A TALE OF 2 CALLS

My busy morning began with a call to my insurance agent.

My busy morning began with a call to my insurance agent.

He asked me to confirm some information he already had in his system.

He asked me a long series of questions about my property.

Why did this have to take so long?

Shouldn't he already have this information?

My agent recommended an insurance carrier based on the quotes and his experiences with the companies involved. I agreed and we were able to complete the process in a single phone call.

My agent called me back to recommend an insurance carrier. I agreed to the quote. An hour later he called me back and told me the agreed upon quote would actually be \$200 higher. Are you kidding me?

**POLICY BOUND  
PROOF OF  
INSURANCE RECEIVED!**

Happy with my insurance decision, I'm headed home to grill out!

I said "no way" to the higher premium. Now we're back at square one.

This is so incredibly frustrating!

# The CoreLogic® Agency Network

The CoreLogic Agency Network can help provide a better experience for homeowners so agents can retain a high level of customer service.
