

Flood Industry Alert

NFIP Extended Until May 31, 2019

December 22, 2018

Last night the President [signed](#) the "National Flood Insurance Program Extension Act" ([S. 3628](#)) which extends the NFIP through May 31, 2019.

We will continue to monitor activities in Congress related to the partial government shutdown which began at midnight. Given the NFIP was extended by S. 3628, separate and distinct from the federal funding legislation, the authority of the NFIP to issue or renew policies is unaffected by this partial government shutdown.

We wish each of you a safe and happy holiday!
