

Flood Industry Alert

NFIP Expected to be Extended through September 30

The Senate passed, and the White House indicates the President will sign, budget legislation that includes an extension of the NFIP through the fiscal year to expire September 30, 2020. The House passed this budget legislation earlier in the week. Through this legislation, a lapse in the NFIP will be avoided. Congress now adjourns for the holiday to return in early January to continue the legislative session.

Extension of Standard Flood Hazard Determination Form

Based upon a recent [notice](#) in the Federal Register, there is indication that the new version of the Standard Flood Hazard Determination Form will likely be released in the first month or two of 2020. As a continued reminder, FEMA [acknowledges](#) that the version of the [Standard Flood Hazard Determination Form](#) with the October 31, 2018 expiration date may continue to be utilized until further notice. FEMA will announce the release of the new version at which time we will inform you of the transition plan which will be completed within any applicable implementation period set by the Agencies.

Happy Holidays from CoreLogic Flood Services

As the holiday season moves forward, we wanted to say “Thank you” for the opportunity you have given us to work with you this year. We wish for a safe and happy holiday season for you and your families.
