Change Guide to Proposed Q&A

As announced at our recent [Virtual Roundtable](#) on the proposed 2020 Interagency Questions and Answers Regarding Flood Insurance, CoreLogic has created a “Change Guide to Proposed Q&A” resource for use by CoreLogic clients to help clients analyze potential impacts of the proposed Q&A. The Change Guide provides a convenient way to compare changes in the proposed Q&A with the current guidance by way of an interactive table of contents enabling users to directly access each section or question taken from the proposed Q&A. Each proposed question and answer is presented along with any corresponding current guidance, and with a composite showing language proposed to be added or eliminated. CoreLogic clients may access the Change Guide [here](#).

If you have questions or comments, please contact us at floodcompliance@corelogic.com. Feel free to forward this alert to colleagues who may be interested in receiving this information. Individuals may also subscribe to future *Industry Alerts* [here](#).
