

# ePropertyWatch™

Never be forgotten again!

ePropertyWatch™ from CoreLogic® helps you stay engaged with homeowners until they are ready to sell, buy, or make a referral. The monthly report is full of information about a consumer's home and neighborhood, with up-to-date information on their home's value, nearby listings, sales, foreclosures and auctions, CoreLogic HPI™ valuation forecast analytics, mortgage information, home services resources, and more.

## Information Homeowners Love

Instead of your clients visiting national real estate websites to find information about their homes and neighborhoods, you can send it to them directly every month.

## New Leads

ePropertyWatch isn't just for current clients; it can help you generate new leads too. Just sign up the prospects you meet at open houses and other events to start promoting yourself as the local real estate expert.

## Simple

ePropertyWatch lets you "set it and forget it." You enter the email and property addresses and we take care of the rest—every month, with no hassle. It's the perfect way to reach clients.
