

SkyMeasure™

Wall Reports

For Contractors

We know you're busy and always looking for ways to grow your business and stand out from the crowd. That's why SkyMeasure™ from CoreLogic® is now offering aerial wall measurements to help with your estimations.

Our comprehensive Wall Reports allow you to quickly produce accurate quotes for potential customers and quote jobs that involve more than one aspect of a property. They are produced from the same world class aerial imagery as our roof reports and provide the information you need to help with all of your structure calculations.

For Insurance Carriers

Unforeseen weather events take everyone by surprise. When mother nature strikes, insurance carriers need a fast and objective way to scope roof repairs and replacements.

SkyMeasure Wall Reports allow claims adjusters to easily understand the scope of a claim and verify that repair and replacement quotes are reasonable before authorizing work. With unsurpassed access to multiple sources of high quality, high resolution imagery and rapid delivery of reports, SkyMeasure ensures that your claims are processed accurately and quickly.

Gone are the days of waiting for an inspector or adjuster to visit a property or waste time with an on-site inspection. Improve your overall claims response and processing time to increase policy holder satisfaction with SkyMeasure.

Pricing

Wall Reports are delivered in easy-to-use formats for \$55.00 or only \$15.00 when bundled with a Residential or Commercial Roof Report.

Visit skymeasure.net to sign up for your free, no obligation account and start ordering your reports today For more information please call 855.802.3010.
