More Product Integrations via Encompass Than Any Other Provider

700,000+
Transactions processed through Encompass every month

Products to Help You at Every Point of the Origination Process

CoreLogic and Encompass Partner Connect: The Next Generation of Digital Mortgage

CoreLogic has partnered with ICE Mortgage Technology to integrate 13 core solutions critical to the underwriting process into Encompass Partner Connect. The combination of CoreLogic data with Partner Connect's enhanced automated service ordering functionality can save you time and money by reducing unnecessary, repetitive steps when it comes to ordering the solutions you need to successfully underwrite a loan. Data can be automatically populated into order requests and you will get your results faster, with fewer errors.
